RESPONSE TO OFFICE ACTION OF APRIL 19, 2001

Sir:

This is in response to the Official Action mailed April 19, 2001. The Office Action that we received had the correct information for this particular patent application on PTO-90C. However, the information contained on PTO-326, the Office Action Summary, pertained to another patent application, for serial number 09/354,801 and applicant Tofy Mussivand. We do not know the Status, the Disposition of Claims or any other information that Examiner Kamm wanted to communicate regarding the patent application referenced above.

Therefore, we are unable to respond to the Office Action dated April 19, 2001. We request that the Office Action be reissued with all the correct information so that we may respond appropriately.

Respectfully submitted,

Verness et al,
By their attorneys,
